

Undergraduate Financial Aid

2022-2023 Academic Year

Undergraduate Institutional Aid Policy:

- The total of all Institutional Aid awards combined with Cal Grant (excluding the subsistence portion of Cal Grant B) cannot exceed 100% of a student's tuition charges regardless of living situation.
- All Institutional Aid awards are based on one academic year of enrollment at full-time status (at least 12 units per semester). Amounts are split in half each semester, and students enrolled in only one semester will receive 50% of the total amount. Students enrolled less than full-time (but at least 6 units) will have awards prorated accordingly based on the number of units for which they are enrolled in each term.
- Institutional aid is subject to change should a student switch from living on-campus to being a commuter.

Net Price Calculator:

[button to net price calculator - <https://npc.collegeboard.org/app/wju>)

At WJU, we pride ourselves on reviewing the entirety of your personal financial situation, and then making a final decision. You are NOT simply the result of a formulaic bunch of numbers. You are a unique individual, created by our Lord, and will be treated as such!

Important Considerations: The Net Price Calculator...

IS NOT For Everyone	Currently, the NPC is designed for <u>US Citizens or Permanent Residents who are planning on attending college in a year or two</u> . The calculator may not fully capture your unique situation, so we always recommend contacting the financial aid department for more personalized information.
IS NOT Totally Inclusive of All WJU Aid Programs	There are a few things that just can't be perfectly incorporated on an <u>estimator</u> — most notably our need-based WJU Grant and the CA State Grant. The calculator also cannot account for performance-based scholarships such as Athletics, Music, and Competitive Department Scholarships.
IS Confidential and Anonymous	You may choose to send your results to a personal email if you would like to save the results for later viewing.
IS a "What If" Tool	It is designed for you to run it multiple times to see "what might happen if..."
IS NOT Perfectly Accurate	It is only as good as the data you enter. If your data is incorrect, the <u>estimate</u> will also be incorrect – either too high or too low.
IS Educational	You should never rule out a school simply because of 'sticker price', or even by the results of the NPC. Using a school's calculator is another tool to find out more about a school in which you are interested. Please do not stop considering <i>any</i> school because of price! Cost is certainly a factor — but it should <i>never</i> be the only factor.

IS NOT a
Guarantee of
Financial Aid

This will come from the WJU Financial Aid Office after you apply and are accepted to WJU.

IS NOT an
Application of
Admission to
WJU or a
Financial Aid
Application

[Apply to WJU](#) or [Complete the FAFSA \(Free Application for Federal Student Aid\)](#)

IS NOT an
Accurate
Payment
Estimator

The NPC starts with something called a 'Cost of Attendance' – or COA. This includes the *sticker price* (typically tuition, room, board and mandatory fees) BUT it also includes *standard estimates* for other expenses you might incur throughout the year – such as travel, personal items, books, and even living costs (like pizza, movies and laundry!). Remember...these are just estimates! What you will pay directly to WJU will most likely be substantially less than the COA.

IS NOT Static
Information

Your info may change from semester to semester; federal and state laws certainly change on a whim; and WJU aid programs are subject to change/modification from time to time.

Pop-ups:

Keeping Your Aid

Each scholarship has its own requirements that you must be aware of and complete in order to maintain eligibility. In addition to these requirements, all students must maintain Satisfactory Academic Progress (SAP). Requirements of undergraduate SAP include that you achieve a 2.00 GPA and complete at least 66.67% of your courses.

Actions:

- [Review the Jessup SAP Policy →](#)

Renewing Your Aid

Most types of financial aid are renewable yearly, but many require renewed applications or documentation. It is always recommended that you complete a FAFSA as early as possible each year. Unless you plan to waive the FAFSA each year, the Financial Aid Office will not renew your aid until a FAFSA has been completed. Make sure to keep an eye on your student portal document tracking page so that you never miss a deadline.

Actions:

- Watch the student portal document tracking page for deadlines.

Finding Additional Aid

There are two major forms of additional aid that students can apply for during their time at Jessup. Jessup offers several institutional scholarships to returning students as a result of applications or participatory activities. See the "Institutional Aid" tab for additional information on these types of aid and others. Outside scholarships are another form of additional aid which can be found by searching the web.
