

## Jessup University MHA Leadership Team

Patrick R. Brady retired as Chief Executive Officer of Sutter Roseville Medical Center in 2018. He had been involved with Sutter since 1981. Prior to assuming his role at Sutter Roseville, Mr. Brady served as the Chief Executive Officer of Sutter Solano Medical Center (SSMC) for approximately six and a half years. Prior to SSMC, he served in a variety of executive level positions with Sutter Health in the greater Sacramento Area and in hospital management in Los Angeles, California and Tucson, Arizona. Mr. Brady has a Bachelor of Science degree in Public Administration from the University of Arizona and a Master's degree in Hospital Administration from the University of Minnesota. His professional activities include leadership roles in healthcare associations and advocacy groups. He has participated actively in local and regional affairs through a variety of

community boards. Mr. Brady's service on boards both in the private and public sectors, and experience as a Chief Executive Officer, has provided him with extensive knowledge and experience in financial management, corporate governance, and risk management. Mr. Brady is Chairman of the Board and the Nominating and Corporate Governance Committee, and a member of the Bank's Asset/Liability, Compensation, and Loan Committees.

Doug Wagemann began his business career over 50 years ago. He graduated with a B.S. Degree in Operations Management from Cal Poly, Pomona and went on to complete his M.B.A. in Finance at Cal State University, San Bernardino. He is a Maxwell Leadership Certified Coach, Trainer & Speaker, a Certified Behavioral Analysis/DiSC Consultant, and a Senior Fellow of the American Leadership Forum. In addition, he and his wife own three businesses in Northern California. Over the years, Doug has been a lecturer at several colleges and universities on strategic planning, transformative/servant leadership, communication, management and finance. Additionally, he has been involved with several hospice organizations including

the National Hospice Foundation, Foundation for Hospices in Sub-Saharan Africa, and currently, a board member of Sutter Health (Sutter Care at Home). He has dedicated his time and resources on several international hospice strategic planning projects in Russia, Italy, Canada as well as the United States in efforts to provide the necessary organizational and strategic structure to better serve the terminally-ill and their families. He is a frequent radio guest and has been a national speaker discussing various business topics and end-of-life issues. Doug deeply believes in giving back to the community and is a highly involved board member of several organizations which gives back to their communities.

In his spare time, Doug enjoys spending time with his wife, Rita, reading, writing, listening to classical music and creating memories with family and friends.

Dr. Caleb Smith is a versatile professional with a rich background spanning healthcare, technology, and business. As the Director of Partner Integrations for Siemens and Wi-Tronix, he excels in forging collaborative solutions, bridging technology gaps, and ensuring seamless interoperability. Caleb's commitment to these endeavors is grounded in his Christian values and unwavering dedication. In addition to his role in partner integrations, Caleb is a dedicated business owner and senior business consultant. His passion for healthcare and technology extends into the classroom, where he serves as a Healthcare Adjunct Professor, imparting knowledge

to the next generation of professionals. Beyond his academic and business pursuits, Dr. Smith partners with organizations like the Human Trafficking Institute, demonstrating his commitment to Christian values through social justice actions. Dr. Caleb Smith's multifaceted career is complemented by his status as an author and researcher, exploring the intersections of healthcare, technology, business, and social justice. With an unwavering commitment to his Christian values and a fervent dedication to effecting positive change in the world, Caleb Smith is a visionary professional dedicated to fostering innovation, collaboration, and progress across industries.

satisfaction, topline revenue, clinic cost reductions, and building strong relationships with internal & external stakeholders including health plans and local providers.

Spencer Mills has been working in healthcare for the past 20 years. He has worked with physicians, medical groups, and hospitals in seven states, serving in roles as CEO, COO, and Executive Director. Spencer earned a bachelor's degree in history and economics from UC Berkeley and an MBA and MA in Public Policy from Regent University. He was a Jesse Marvin Unruh Assembly Fellow in the California State Legislature, served as a budget analyst in the California Department of Finance, and was the primary fiscal consultant for the Vice Chair of the Appropriations Committee for the California State Senate. He is a Fellow of both the Medical Group Management Association and the American College of Healthcare Executives. Spencer most recently served as President of the Alaska Healthcare Executives Network. He has taught courses at Jessup University, Alaska Pacific

University, and Regent University in economics, political economy, business ethics, accounting, and history. He is currently completing a doctoral program in health administration at Central Michigan University. His research interests include employee engagement, healthcare economics, health policy, and leadership.

Dr. Stubblefield had been blessed to be a significant part of the amazing progress and growth associated with our science programs at Jessup over 14 years. Jessup has innovative leadership, essential spiritual collaborations, in association with significant scholarly applications, which in and of itself, makes Jessup an truly committed and dedicated environment in which to learn, grow, progress, and contribute. Through God's unmerited favor and provision, he has blessed us with faculty who are an integral part of our Jessup family, whom we are humbly indebted to.

Dr. Stubblefield has over 20 years of academic instruction at the university level with specific degree program development in biology, kinesiology, healthcare administration, nutrition, nursing, and associated disciplines, which have given him the ability to provide leadership in faculty and staff recruitment, initiating and coordinating curriculum evaluation, revision, and improvement, designing and implementing new innovative undergraduate and graduate programs.

- Dr. Stubblefield has over 40 years of clinical experience working with all aspects of the healthcare industry from private practices to group and corporate practices.
- Over 20 years of scholarly academic experience, with administrative leadership and executive application involvement.
- Designing, developing, and implementing new academic programs within the health sciences, such as our Bachelors of Science Degree in Nursing, a Master's Degree in Healthcare Administration, and several Healthcare Certification Programs. Creating new internship and research opportunities for Jessup students within the sciences and associated medical mission experiences abroad, as well as assisting in Jessup's first Mobile Medical Clinic. Establishing collaborations with Placer County Public Health Department, Kaiser Permanente, Sutter Roseville Foundation, Dignity Health, Adventist Health, Eskaton Retirement communities, Snowline Hospice, and the California Correctional Medical Services for clinical placements for our expected nursing students in serving our local communities. Assisting in the design, development and construction of our new 6000 sq ft clinical simulation laboratory for nursing and future healthcare programs.
- Currently establishing a cooperative collaboration partnership with Dignity Health, Kaiser Permanente, Sutter Health, and the VA Medical Services for our new Master's of Healthcare Administration Hybrid Program.
- Currently designing new academic programs in Engineering, Doctorate of Physical Therapy, and Doctorate of Occupational Therapy degree programs.

Scott Roberts was born and raised in Northern California.
