

2024-2025 Catalog
Nursing Addendum

JESSUP
UNIVERSITY

This addendum reflects *changes* to the 2024-2025 catalog. Please refer to the complete catalog on the website for information on admissions, financial aid, policies and procedures.

Undergraduate Changes

BSN, Bachelor of Science Nursing

The following courses descriptions are updated:

NURS 390 – Statistics and Data Management for Nursing and Healthcare (3 units, 135 hours)

This course will introduce statistical principles, methods and formulas to nurses and other healthcare professionals. Students will become familiar with the definitions of various healthcare statistics; the use of data for financial, clinical, and quality management activities; recognize the importance of accuracy and validity of data and outcomes; use computerized and manual methods of computing and presenting statistical data; and examine regulatory, accreditation, and vital statistics reporting.

NURS 450 – Faithful Leading in Professional Nursing: Theory (2 units, 90 hours)

This course emphasizes leadership and management while maintaining a Christ Worldview. This course will provide students with the tools they need to develop leadership skills, delegation, and patient advocacy while leading with Faith.

NURS 450P – Faithful Leadership in Professional Nursing: Clinical Lab (3 units, 135 hours)

This course emphasizes leadership and management while maintaining a Christ Worldview. This course will provide students with the tools they need to develop leadership skills, delegation, and patient advocacy while leading with Faith.
Grading: P/F
